what I meant with the expression I had given you a few days ago in one of My Messages when I said that you should wear My Garments of Old, when you meet Peter*, was to tell you that My Gospel is not to change but that it should be preached as I preached; I added that My Garments are Simple; by this I mean that you should approach and understand the Gospel as a child, with a child-like-faith;

today, Vassula, many priests do not believe
anymore in My Mysteries so they do not
preach the Gospels as they should be prea-
ched; they are only interested to please your

these priests wear 'new garments' different
from Mine; they should know how
much this grieves Me; My Gospel should
be preached without errors and My
Mysteries are to remain Mysteries ♡

she had time to teach me properly
